Sir:

In reply to the Examiner's Statement of Reasons for Allowance in the Notice of Allowance mailed September 21, 2007, please consider the following remarks.

The Examiner's Statement of Reasons for Allowance does not exactly correspond to independent claim 10, or any of the other allowed claims. Specifically, in the Notice of Allowance on page 3, line 4, after "portion of the crystal" the Reasons for Allowance should have stated "and the temperature gradient  $G_e$  of the crystal at the peripheral portion of the crystal." Additionally, in line 6, "thereby G" should be "thereby  $\Delta G$ ." Applicants respectfully request a corrected or supplemental Notice of Allowance with the indicated corrections.

The Examiner is invited to contact the undersigned at the telephone number set forth below regarding any matter concerning this application.

Respectfully submitted,
